Ronald P. Lajti, Jr., P.E., P.S.  
Ottawa County Engineer

8247 W. State Route 163  
Oak Harbor, Ohio 43449

Phone: 419-734-6777  
Fax: 419-734-6768

From: Ottawa County Engineer's Office  
Date: June 17, 2021  
Subject: Eisman Group Main Partial Replacement  
**Addendum #1**

The following questions have been submitted:

Question #1: Since the pipe is to be installed through a crop field, will the contractor be required to strip and replace the topsoil?

Answer: No

Question #2: There is no indication of field drain tiles on the information supplied. If some are found during installation, and need to be tied into the new pipe, how will the contractor receive compensation for the tie ins?

Answer: It is currently unknown if there are any laterals that will need to be tied into the new pipe. If any are located during installation the contractor will need to make the connections and they will be compensated for this work.

A revised proposal is included with this Addendum. It contains a new line item for contractors to submit a unit price for each connection that is required. Please submit your quote on the new proposal. At the end of the project additional compensation will be awarded to the contractor, at the unit rate submitted, for each approved connection.

Place a copy of this notice of Addendum in your bid package as outlined in the last paragraph of the QUESTIONS, INTERPRETATION and ADDENDA section of the bid package. If you have any questions regarding this addendum please call the Ottawa County Engineer's Office at 419 734-6777.

Sincerely,

Ronald P. Lajti, Jr., PE, PS  
Ottawa County Engineer
