

Ottawa County Department of Job and Family Services is seeking quotes to install and maintain an emergency internal notification system for the facility located in Oak Harbor, Ohio. The notification system should include integration with the existing phone system, as well as internal and external speakers for those areas of the building without phones. Building size is approximately 26,000 square feet, and includes agencies on separate phone systems, as well as guest users of the meeting and training rooms.

Contact Jeanenne Selvey at 419-707-8663 to set up appointment to view the facility. Bids and qualifications should be emailed to the following: Jeanenne.Selvey@jfs.ohio.gov
